ANNEX "A" – GENERAL TERMS AND CONDITIONS FOR SECURITY SERVICES

Client : The Company Identified in the Letter Agreement.
Agency : The Security Service Provider identified in the Letter Agreement.

1. The Scope of Work.

Relying on the representation of the Agency that it has a government license, sufficient knowledge, and experience to render complete and comprehensive security services, with substantial capital, adequate equipment, and its own labor force, the Client engages the Agency to secure and protect the employees, customers, visitors, stock inventory and properties of the Client on such place specified in the Letter Agreement, subject to the provisions of this General Terms and Conditions for Security Services.

2. Obligations of the Agency.

The Agency accepts the engagement and binds itself to:

(a) Secure and protect the employees, customers, visitors, stock inventory, and properties of the Client, and maintain order and discipline in the Client's premises, including the parking lot area.

(b) Utilization of its own security guards under its direct control and supervision. The Client may, however, demand the replacement of any deployed security guards at any time.

(c) Deploy a number of security guards on such particular date and time as agreed upon by the parties. The failure of the Agency to deploy such a number of security guards as agreed upon grants the Client the right to impose a penalty of Five Hundred Pesos (P500.00) per day per guard which the Client can set off against the Agency's service bills without prejudice to the Client's right to immediately terminate the Agreement because Agency's non-compliance thereof poses a serious security risk to the Client.

The Client, depending on the exigency of the services, may request the Agency to increase or decrease the number of security guards to be deployed. As such, the Agency shall provide the additional security guards within three (3) days after notification by the Client. However, in case of a personnel reduction, the same may be effected immediately, verbally, and even without written notice.

(d) Provide its security guards with the needed and/or mandatory tools and gear such as firearms, ammunition, radios, metal detectors, tally counters, batteries, uniforms, raincoats, umbrellas, flashlights, first aid kit, inspector sticks, office fixtures like steel cabinets, computers, service phone unit, and other equipment appropriate and necessary to perform the duties herein contracted, at its own expense. In the absence of a service phone unit, the Agency shall provide an adequate load for the security guard's personal phone to ensure the ability to communicate in case of emergency.

Should the Agency fail to comply with this obligation, the Client shall have the right to impose a penalty of Three Hundred Pesos (P300.00) per equipment found upon inspection as not provided for by the Agency, which the Client can set off against the Agency's service bills.

(e) Provide a specific manager to handle the Client's account who shall receive and immediately respond to the verbal and written communications of the Client's representatives regarding their security concerns and complaints. A delay in receiving and immediately responding to the concerns will pose a security risk to the Client. It is grounds for the latter to immediately terminate this Agreement and recover damages that it may have suffered because of the Agency's delays.

(f) Require its security guards to work only for such number of hours and days allowed by law. The Agency shall strictly comply with all labor laws and social legislation. It shall hold the Client free and harmless from any claim that the Agency's employees may file for non-payment or underpayment of wages, SSS/Philhealth/Pag-Ibig contributions, and other employee benefits. Should the Client be made to pay any of the said wages, contributions, and benefits, the Agency shall reimburse the Client the full amount thereof.

(g) Provide a qualified investigator among the security guards to be deployed by the Agency who shall render investigation work on cases involving the interests of the Client occurring within the area covered by this Agreement.

(h) Cooperate with the Client in the investigation and prosecution of all wrongs and irregularities committed against the persons or properties of the officers, employees, and customers of the Client, in the discovery, apprehension of the persons responsible, and investigation of which the Agency or any of its guards or officers had participated. This shall include appearing and testifying as a witness before the police department, public prosecutor's office, courts, and other government agencies. This obligation shall subsist even after the termination of this Agreement and while the case is pending.

(i) Ensure that the security guards deployed to the Client possess the following minimum requirements:

3. Physically and mentally fit
4. Must be of legal age
5. At least 5'4 in height

7. Have undergone pre-licensing training course (PLTC) and/or re-training courses (RTC)
8. With good moral character and without a criminal or derogatory record

(j) Ensure that the security guards do not perform work directly connected with the principal business or operation of the Client and that they work under the direct control and supervision of the Agency.

3. Obligations of the Client.

For and in consideration of the services to be rendered by the Agency, the Client shall pay the Agency such amount of management fee and basic pay as stated in the Letter Agreement, or its revisions or supplements, VAT exclusive, within thirty (30) days from receipt of the following documents:

However, the Client shall have the right to recommend disciplinary action in case of any irregularity committed by any security guards or employees of the Agency within the Client's premises or in violation of the Client's rules and instructions.

5. Damages.

The Agency shall be liable for all damages resulting from injury or death, loss or damage to persons or properties, including stock inventory, of the Client, its officers, employees, visitors, tenants, customers, bystanders, or third persons arising from any willful or negligent acts or omissions of the Agency and its employees and agents, while in the performance of their duties. The Client shall have the right to deduct or offset such damages against the bills of the Agency. The Agency shall be solely and exclusively liable concerning any claim for personal injury, death, loss, or damage to personal property by the Agency's security guards, agents, or employees in relation to this Agreement.

The Agency, however, shall not be liable for damages due to fortuitous events or force majeure such as, but not limited to, earthquakes, typhoons, and similar calamities.

6. Bond.

As security for the Agency's compliance with the provisions of this General Terms and Conditions and the Letter Agreement, it shall post a bond in such form and amount as stated in the Letter Agreement. It shall likewise answer for damages, loss of property, including stock inventory, and injury to persons caused by the acts or omissions of the Agency's security guards against the Client's properties, employees, visitors, customers, and third persons. It shall subsist until after the prescription period for filing claims relative to the non-payment or underpayment of wages and similar employee benefits.

7. Compliance with laws and regulations.

The Agency shall faithfully comply with all laws, rules, and regulations relative to providing security and maintaining peace and order issued by the national and local governments and with the rules and regulations being enforced by the Client within its premises. The Agency shall obtain its business permit and licenses for using security equipment and tools.

9. Non-Waiver.

The failure of either party to insist upon strict performance of any of the terms, conditions, and covenants hereof shall not be deemed as relinquishment or waiver of any rights or remedy that it may have, nor shall it be construed as a waiver of any rights or remedy that it may have, nor shall it be construed as a waiver of a subsequent breach or default of terms, conditions, and covenants hereof, which terms, conditions and covenants shall continue to be in full force and effect. No waiver by either party of any rights under this Agreement shall be deemed to have been made unless expressed in writing and signed by the party waiving its right.

10. Dispute Settlement.

In the event of any dispute, controversy, or claim arising out of or relating to this Agreement, which has been made known by one party to the other party in writing, the parties shall meet at least twice within the period of thirty (30) days to discuss the possibility of an amicable settlement.
